A safer school online, in ten minutes a week

Staff who spot scams and AI fakes. Pupils who know what to do when something feels wrong. Parents who hear about new risks every Monday. And a dated record for inspection that builds itself.

For primary schools, secondary schools and multi-academy trusts. November 2026.

10 to 15 min
one short step a week for each member of staff

Every Monday
an online safety alert for staff, parents and pupils

Ages 5 to 18
free games and stories for pupils, in five age groups

From £245
a year for the whole school, every member of staff included

> "Staff training but ensuring it is fresh in the minds of staff and not just an annual refresher that is quickly forgotten."
>
> **A Lancashire school**

Annual training is a one-off event. The risk is a daily habit. Online Safe Schools works the other way round: small, regular steps in plain English, aimed at what people do rather than at technology, with the record building itself as your staff go.

HOW IT WORKS

01
Staff take a safety check
A quick check for a snapshot, or the full one for depth. Email, passwords, devices and online awareness.

02
Everyone sees where they stand
A score out of 100 that names strengths as well as the biggest risks, so it reads as guidance, not judgement.

03
One small step a week
Set every Monday on the biggest gap, with a Thursday reminder. Steps rotate, so nobody repeats the same one.

04
The evidence builds itself
Checks, steps and certificates are dated and mapped to your frameworks. Nothing to chase at the end of term.

WHAT CHANGES FOR EVERYONE IN YOUR SCHOOL

Staff feel confident all year
Spot phishing emails, fake invoices and AI fakes, with a certificate for each module.

Pupils learn by playing, safely
Free games and stories for ages 5 to 18, with a guide for each age. No accounts, nothing to install.

Parents hear about new risks
A plain-English note every Monday, ready to copy into your newsletter.

Leaders and governors have proof
Every step is dated and logged. A governor report and evidence pack, one click away.

Online Safe Schools is part of CyberSafe Coach. CyberSafe Coach Plus Ltd (No. 16872486), registered in England and Wales. Registered office: Bartle House, 9 Oxford Court, Manchester M2 3WQ. Registered with the Information Commissioner's Office, reference ZC111800. hello@onlinesafeschools.com

KCSIE ESSENTIALS: SIX MODULES FOR SCHOOL STAFF

Written for teaching and support staff, and mapped to Keeping Children Safe in Education (KCSIE) 2026. About ten minutes each, at their own pace, with a certificate on completion.

MODULE 1
What changed, and what it means for you

MODULE 2
Filtering and monitoring

MODULE 3
Cyber security as safeguarding

MODULE 4
Com networks and coerced harm

MODULE 5
Child on child abuse online

MODULE 6
Online grooming and sextortion

Two more tracks are included: Digitally Confident, six modules on everyday cyber confidence, and Digitally Resilient, seven modules on scams, misinformation, online hate and signs of exploitation.

WHAT YOUR SAFEGUARDING LEAD GETS

- **Your staff at a glance:** who is keeping up and who may need a hand, with no technical knowledge needed.
- **A 5-minute staff briefing** from each Monday alert. Tick who was there and it goes into each person's training record.
- **Online safety observations:** log a concern about a pupil's online life and see patterns across the school.
- **Certificates for CPD,** dated and per person, ready for your training matrix.
- **Ask for help:** 12, 24 or 36 requests a year to our team, depending on the size of your school.

EVIDENCE FOR INSPECTION

Answers and completed steps map to the frameworks that apply to your school, so you can see what you meet, what needs work, and download the evidence.

KCSIE | DfE Filtering and Monitoring Standards | DfE Cyber Security Standards | 360 safe | Prevent duty | Cyber Essentials | UK GDPR

What we deliberately do not claim

We never say "Ofsted ready". What we give you is a dated record of what your people actually did. We do not certify anyone: Cyber Essentials certification comes from an accredited certification body. Online Safe Schools is not endorsed by Ofsted or the Department for Education.

ONE PRICE FOR THE WHOLE SCHOOL, BY ITS SIZE

PUPILS ON ROLL	A YEAR	ASK FOR HELP
Up to 100	**£245**	12
101 to 250	**£395**	12
251 to 450	**£545**	12
451 to 800	**£745**	24
801 to 1,200	**£945**	24
Over 1,200	**£1,145**	36

Every member of teaching and support staff is included. Pupils and families are free.

Groups of schools: 10% off each school for 2 to 4 schools, 15% for 5 to 9, 20% for 10 to 24, and a quote for 25 or more.

Connected Check, optional: a read-only check that the Microsoft 365 or Google Workspace accounts your staff sign into are protected. Add £50 a year to your school's price.

Billed once a year. Invoice and purchase order available. 2% of all our revenue goes to CyberSafe Foundation CIC to fund free access for charities and families.

WHERE YOUR DATA LIVES

Hosted in the UK on Microsoft Azure (UK South). Nothing is processed outside the UK and EU without asking first. No personal data is collected from children. CyberSafe Coach Plus Ltd is Cyber Essentials certified and registered with the Information Commissioner's Office, and our data processing agreement is published for you to read before anything starts.

See where your school is today

Three quick questions, under a minute, then we show you exactly how we would help. The sample reports are online in full, with no sign-up.
